

# FOR A LOCAL MIDDLE SCHOOLER, ONLY ONE THING'S MISSING. YOU.

## MAKE YOUR MOMENT AS A MIDDLE SCHOOL MENTOR.

Remember middle school? It's a time when school, friends, and life collide. And for some students in our neighborhoods, it's a time when it's not always easy to stay on track. That is why we've been pairing students with volunteer mentors for years, providing a welcome bit of stability, conversation, and yes, fun, in every school week. You can be the difference a local middle schooler needs.

### Join the region's biggest mentoring initiative:

- Make a measurable difference to local students through the program that's proven to:
  - Increase students' interest in school – 2,400+ mentoring relationships since the program's inception
  - Encourage kids to go to school – 85% of mentees have a 90%+ school attendance rate
- Help with academic success, increasing eligibility for Pittsburgh Promise scholarships.
- One hour a week
- School location and time convenient for you.
