

Hello,

I want to invite you to join me and hundreds of other young professionals at **United Way's third annual Games For Good** at the David Lawrence Convention Center on August 8. It's the largest gathering of young professional volunteers in the area, and a unique opportunity to make an enormous life-changing impact on hundreds of children.

Through fun, get-on-your-feet activities, we'll be helping teach the importance of healthy habits, nutrition and an active lifestyle. It's the highlight of the year for many of these kids (and for me, too). Who knew that volunteering and giving back to our community could be such a blast? Just check out our Facebook album from 2018: [bit.ly/GamesForGood18](https://bit.ly/GamesForGood18)

I'm a proud and enthusiastic committee member this year, and I've committed to recruiting **100** volunteers like you to participate alongside me.

Don't delay, because spaces are filling up. Click [here](#) to register and I can't wait to see you August 8!
