

# United Way Bridges Society

Leadership isn't being out in front of everyone; it's making others better as a result of your presence.

The Bridges Society is a diverse group of rising leaders in the Pittsburgh area who are interested in building more than a career. Through giving and volunteerism, we champion initiatives that address today's challenges and lay the groundwork for stronger neighborhoods tomorrow.

Membership in Bridges Society is extended to young professionals under the age of 45 who commit to donating \$1,000+ annually to United Way.

You'll be part of a growing group of like-minded people at a similar point in their career – ready to help lead our community forward in a spirit of shared responsibility and humanity.

Bridges Society members enjoy many benefits including:

- Exclusive local networking events with community-minded professionals.
- Valuable professional and personal development opportunities.
- Opportunities to provide leadership for United Way initiatives.
- Participation in high-impact volunteer events.
- Meeting and interacting with corporate CEOs in situations where they see your skills on display.
- Opportunities to work side-by-side with influential community and civic leaders.

Bridges Society lets you raise your personal profile, while elevating the quality of life for our entire region. This is your opportunity to have a voice in determining the values we hold as a community.
