I'm involved in a campaign to help students at Wilkins STEAM Academy, and hoping you can join me. A school library is more than stacks of books and a place to be quiet. It can be a great equalizer; giving access to learning resources and unlocking possibilities for every student. To be successful, the Wilkins students need a modern, more tech-friendly library environment – one that encourages learning, creativity and collaboration.

Your donation can make an enormous impact on the success of Wilkins STEAM Academy students. Even a small contribution of $10, $15 or $25 can help us reach these critical, but attainable upgrades. Thank you for your support!
