

**THE CRISIS MAY BE OVER.
BUT THE WORK NEVER ENDS.**

Our community continues to be tested like never before. But thanks to deep relationships forged over years with donors, business leaders, volunteers and human-service agencies, United Way of Southwestern PA was able to respond in real time to unprecedented need.

Now we need the generous financial support of ChangeMakers like you more than ever. Because rebuilding our community takes time, but making real change in the lives of struggling families takes all of us to be united.
