

UNITED WAY WOMEN UNITED®

Women United brings women together as a powerful philanthropic collective.

You are invited to join our network of more than 2,200 women committed to making a lasting difference in our community. We are consistently one of the top three Women United organizations in the nation, and have raised \$115.6 million since our inception in 2001. We recognize that women and children face the biggest barriers to prosperity and opportunity. By joining Women United, you address those barriers so that all women can achieve their dreams. And you become part of an unbreakable and unbeatable network of women representing every life and career stage.
